

K. L. E. Society's

KLE College of Engineering & Technology

Chikodi - 591201, Dist. Belagavi

• Approved by AICTE, New Delhi

• Affiliated to VTU, Belagavi

• Accredited by NBA (CV, CSE & ECE)

Department of Computer Science & Engg.

INSTITUTE VISION

To be an Institute for transformation of young minds into globally competent engineering professionals with a social responsibility for a better tomorrow.

INSTITUTE MISSION

- Adopt innovative teaching & learning practices which promote proactive leadership.
- Excel in academic and research endeavors by inculcating a sense of life-long learning.
- Enable students to gain interdisciplinary knowledge and work independently as well as in teams to meet global challenges in the field of engineering.
- Encourage mutually beneficial partnerships with alumni, industry and institutes.
- Equip students with employable and entrepreneurship skills along with a sense of social responsibility.

DEPARTMENT VISION

To produce globally acceptable young minds with technical competency in Computer Science and Engineering for the betterment of society.

DEPARTMENT MISSION

- Adopt modern teaching and learning processes with emphasis on leadership.
- Strengthen academic and research activities in the emerging domains of Computer Science and Engineering for life-long learning.
- Encourage students to acquire interdisciplinary Engineering knowledge and work collaboratively to meet global challenges.
- Empower student's employability and entrepreneurship skills in association with alumni, institute and industry with a sense of social responsibility.

Program Specific Outcomes (PSOs)

PSO1: Apply the knowledge of algorithms, networking, web design, IoT, AI and data science to analyze, design and implement solutions for real-time problems with innovative approaches.

PSO2: Utilize modern computer languages and platforms to be an entrepreneur, to excel in higher studies and research by practicing ethical standards and human values.

Program Educational Objectives (PEOs)

PEO1: Graduates shall possess problem-solving and leadership skills with team spirit by adapting the latest trends and technologies in Computer Science and Engineering.

PEO2: Graduates shall be a life long learner to apply the engineering knowledge towards innovation and research.

PEO3: Lead a successful professional career as an employee or entrepreneur in the field of Information Technology with interdisciplinary knowledge to meet global and societal challenges.
